Terminal Disclaimer

The terminal disclaimer filed on 8/3/05 has been reviewed and is accepted. The terminal disclaimer has been recorded.

REASONS FOR ALLOWANCE

Claims 1-26 are allowed.

The following is an examiner's statement of reasons for allowance:

The subject matter of the independent claims could either not be found or was not suggested in the prior art of record. The subject matter not found was the apparatus and method of using to automatically retroperfuse a coronary vein with oxygenated blood from an artery, wherein the apparatus comprises a cannula having an expandable stent and occluding means, wherein during the method of use comprises inserting the cannula into a vein that is fluidly connected to the coronary vein, radially expanding the stent into engagement with the interior wall of the coronary vein, and fluidly connecting the proximal end portion of the cannula directly to an artery so that oxygenated blood is automatically supplied by the artery to the cannula for retroperfusion and the occluding means at least partially occludes the coronary vein to decrease back-flow into the right atrium during retroperfusion in combination with the other elements (or steps) in the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
